### GOVERNANCE, LEADERSHIP AND MANAGEMENT

#### 6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

Our college has a clearcut vision about the higher education towards this tribal area. The higher education must be reached to the each and every door of house of far deep situated in the queue of hilly tribal area so that millions of daily life problems may be vanished in the light of knowledge. For this purpose the Principal of this college makes perspective plans with the help of learned Professors of this college as it is radiated in form of so many prominent committees working round the clock in the college for the complete development of students and people of this hilly tribal area.

File Description	Documents
Paste link for additional information	Nil
Upload any additional information	<a href="#">View File</a>

6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

1. The college authority gives the job of development of college garden to the representative of students to develop the garden in their own way with the maximum participation of students. 2. The job of cultural and sports activities are handed over to the representative of students to arrange cultural and sports activities in their own way with maximum participation of students.

## 7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

### Presentation of Best Practice No 01

#### 1. Gardening

2. The objective of this practice is to make this college campus more attractive and creating a healthy atmosphere for teaching-learning activities.
3. We have to face so many challenges regarding choosing the place where to develop a attractive garden for a centre of attraction for all the stakeholders including parents, students, teachers, and alumni etc.
4. It creates a beautiful natural scene in the campus and whenever we come near garden we feel spiritual relaxation from all types of stress and fatigue. The higher education goes side by side to the nature as Wordsworth has told that Nature is the greatest teacher of universe.
5. This garden inspires each and every student to create such type of garden in your own area where you live for a spiritual peace so that you can use that kinds of energy and thinking to search the secret of nature for a better world to live in. If it is happened, that will be a great success for living vicinity to the nature.
6. We had to face the problems regarding expenditure for purchasing plants and making arrangement for watering and fencing the garden regularly.
7. In a extensive way we can see that gardening is the practice of growing and cultivating plants as a part of horticulture. In a garden, ornamental plants are often grown for their flowers, foliage, or overall appearances. Gardening is considered as the best hobby as to be done at the time of leisure. Whenever we get free time ,we can invest that time in gardening .By doing that we go near the nature. Man lives not only for bread and butter but also original Upanisads like knowledge of thought. And it is possible only by living near and near to the nature. As Wordsworth has told us that nature never betrays . In one word we can say that nature has accurate solution of every problem of man on this planet.

#### Presentation of Best Practice No 2.

1. Sports
2. The objective of sports is to make each and every student healthy and strong physically and mentally to face the challenges of life successfully.

3. We have to face so many challenges to inspire each and every student to take part in at least one sport to make himself/herself healthy and strong physically and mentally.
4. Its uniqueness is that each and every student makes himself/herself be a active person through sports. Every student gets a chance to play his/her own sport compulsorily during sports period. Undoubtedly sports make every student a healthy and strong physically and mentally for achieving success in life. It is said be active is like life and be passive is like death.
5. Sports make every student healthy and strong physically and mentally. Only healthy and strong student can face the challenges of life successfully and can do impossible work to possible. This is the success of sports.
6. We have to face so many problems for purchasing items of sports and at the same time to make arrangements so many different grounds so that at the same time most of the sports will be make available for students for playing during sports time.
7. Sports create a healthy smile at the faces of students, as that is the need of time for creating a healthy teaching learning atmosphere in this college campus. Sports bring players very near to understand one another from very vicinity for better civilization to the next generation.

### 7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

#### Institutional Distinctiveness

In our college campus there is a parallel degree providing university is running. Our college provides degrees to those students

who attend the classes regularly. Paralled degree providing university provides to those students who do not attend the classes due to some other reasons. The name of that university is Sunderlal Sharma Open University, Bilaspur (Chhattisgarh).

Sunderlal Sharma Open University, Bilaspur has opened a study and examination centre at Govt. D.P.G college Dantewada. It has been running in the college campus since 2014. Hundred of students have studying at this centre and getting degrees every year in U.G and P.G courses. Sunderlal Sharma Open University, Bilaspur (Chhattisgarh) is helping those students who can not take admission as a regular student. Those students can take degrees privately by studying at home and doing their livelihood jobs during day time.

In this way Govt. D.P.G college is providing both kinds of education, regular classroom education as well as distance mode of education.

### 7.3.2 - Plan of action for the next academic year

Future plan of action for the next academic year (2021-22) is that classroom Teaching-Learning system must be stronger along with physical and cultural activities for complete personality of students. There must be excellency in each and every student to face the challenges of life coming every second for becoming a responsible citizen of country. Their thinking surface must be like that that they always think to go higher and higher. Our students must be so competent that they may be easily absorbed in the global market jobs.
